

## Non-Sanctioned Events

### Classified & Recommended by WAMSB for Band Participation

WAMSB classifies quality events that are operated under the governance of recognized organizations — these events are highly recommended by WAMSB as quality events of their type. WAMSB rules and regulations do not apply at these events. If an event is not classified, *one or more* of the following applies:

- The event's governance body did not request a classification
- A WAMSB member did not ask for information on the event
- WAMSB had insufficient information on the event to classify it
- The event did not meet required standards for classification

#### **Class A**

Level I	International championship events
Level II	International events
Level III	National championship events
Level IV	National events
Level V	Area events
